CROSSRAIL TILT UP SYSTEM

- High quality, German engineered system optimized for residential installation
- Everest MK3 mounting hardware simplifies module installation – fast, easy, and secure
- L-foot easily integrates with third party roof attachments
- L-foot provides adjustability and compatibility with common roofs – comp, tile, metal and concrete
- 100% code-compliant, structural validation for all solar states
- Fast installation, minimal component count result in low total installed cost
- Flexible to several tilt angles

CrossRail Tilt Up for Low Slope and Steep Slope Roofs

Technical data

Applicable Roof Types	Composition shingle, tile, flat tile, concrete
Flexibility	Modular construction, suitable for any system size, height adjustable
PV modules	For all common module types
Module orientation	Portrait
Material	High corrosion resistance, stainless steel and high grade aluminum
Structural validity	IBC compliant, stamped engineering letters available for all solar states
Warranty	12 years
System components	CrossRail 48, CrossRail Tilt Up Bracket Kit, L-foot, Mid and End Clamp Sets, Universal Mid and End Clamps

CrossRail Tilt Up Frame with Flashing

Bonding Mid and End Clamps
